

**GRAND HAVEN MASTER ASSOCIATION, INC.**  
**POLICY STATEMENT**

As it pertains to the installation of Electric Vehicle Charging fixtures, the Board has established the following policy at its regularly scheduled meeting on September, 19, 2025. This policy shall go into effect as of the above date and be included in the ADC Standards at the time of its next revision.

"Any request for the installation of an Electric Vehicle charging fixture on the exterior side wall of the garage, shall receive MADC approval. The unit should be designed for residential use, installed by a certified electrician and fully shielded from view by vegetation within 30 days of installation".
